

ChildLife's doctors and nurses continue to save lives during Eid Holidays

Our doctors and nurses demonstrated simple love for humanity and compassion during their Eid Holidays. **6,184** children were treated in ChildLife Foundation's Emergency Rooms during Eid holidays, while all other out patient departments were closed at government hospitals for 4 days.

ChildLife Inaugurates the largest Pediatric Emergency Room

Alhamdulillah, during the blessed month of Ramzan, Childlife inaugurated its 3rd Emergency Room in Korangi # 5 which is the largest Children's ER of Pakistan. Chief Minister Sindh formally inaugurated the ER and ensured full support from the government. He also approved establishment of 2 new ERs by ChildLife. This will ensure that children all over Karachi can get to ER within the 'golden hour'.

A little angel from Sajawal

Tahira bought her niece to NICH's Emergency Room all the way from Sajawal (interior Sindh) as she was neither breathing properly nor feeding. Her mother had a caesarean with some complications and was admitted in the local hospital. Tahira was very upset that no quality service was available at Sajawal and she had to travel to Karachi leaving her own children behind. However, after her niece received treatment at ER, Tahira was happy as her niece was feeling better and was taking milk. It was diagnosed that the amniotic fluid went into the baby's stomach, hence she was not taking feed and had respiratory problems. She was given medication to clean her stomach and was fed under doctor's supervision. Tahira was happy when her niece was discharged as she will be able to see her own children after 2 days.

You can Help with your donations and Zakat from Pakistan and abroad.
